## Honey Fundraiser

Uncle Jer's Honey Stix™ contain locally produced, raw, natural honey.

Honey can be used to help coughs and pollen allergies, soothe sore throats, and as a natural antibacterial for wounds. Honey's a great natural brain booster and athletes love the natural energy boost.

### Get The Athletic Edge!

 **Secret weapon of an NFL team**

 **Used by wrestlers between bouts**

 **Quick energy for track athletes**

## Boost Test Scores!

Last spring a noted biology teacher and entomologist decided to give each of his students one Uncle Jer's Honey Stix™ before their final exams. He forgot to give them to the first class, so he ended up giving his last and least achieving class two Uncle Jer's Honey Stix™ before their test. The first 4 classes received 16 A's from 112 students, but his last class of 28 students received 17 A's. He said "Jer, you need to sell these as a fundraiser!"

♥ 120 Stix Per Bag

♥ Sell 3 For \$1

♥ Collect \$40

♥ Profit Per Bag \$20

Minimum Order 20 Bags

**the environment and work in your school garden after experiencing the wonderful world of honey bees.**

What would happen if there were no honey bees? How and why do bees pollinate plants? Why do bees swarm? How many eyes do bees have? Why are there different kinds of honey? Can I use honey as an antibacterial? Just how do bees make honey?

We have shows geared for elementary, middle and high school students.

Assemblies for 40-200 are also available.

Shows are available in Northern California. For more information please call or visit our web site.
